Dial – a – Safety Officer

Are you managing a small project, have a small to medium enterprise, your budget preventing you from acquiring the services of a safety officer, but still need access to advice so as to manage your health and safety liability?

LOOK NO FURTHER

We can provide you with 24/7 health and safety advice and assistance, without you having to pay exorbitant hourly rates, travel and accommodation. We provide access to more than 20 years experience in all disciplines – assisting with technical and procedural advice, when and where you need it.

Don't let restricted budgets and the availability of suitably qualified safety practitioners plunge your safety program and performance into freefall. Our unique "Dial-a-Safety Officer" service is the parachute you need to ensure the successful inclusion of health and safety in your workplace.

Maintain control of your health and safety with our innovative "Dial-a-Safety Officer" service or supplement the services of junior safety officers, who lack the necessary on site implementation experience.

By subscribing to our "Dial-a-Safety Officer" service you will have access to immediate, accurate and performance tested advice whenever you need it. Remove that uncertainty, register today, and have access to all the information you require.

What the "Dial-a-Safety Officer" service provides:

- **24 hour online support. (We will answer questions and provide clarity on health and safety issues)**
- **Interpretation of legal compliance issues or client requirements.**
- **Guidance with regard to incident investigations and workman's compensation claims.**
- **Access to our monthly newsletter.**
- **Immediate notification of any legislative changes and the possible impact on your safety program.**

Remove those grey areas from your safety program and give yourself access to world class health and safety assistance today.
